TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

(L. S.)

To the Inhabitants of the Town of Salem, in the County of Rockingham, in said State, qualified to vote in town affairs:

You are hereby notified to meet at the town house, in said town, on Tuesday, the fourteenth day of March next, at twelve (12.00) of the clock noon, to act upon the following subjects

Art. 1. To choose all necessary town officers for the ensuing year.

Art. 2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations for the same.

Art. 3. To see if the town will vote to raise any more money for the repairs of highways than the law requires.

Art. 4. To hear the reports of agents, auditors, committees or officers heretofore chosen, and pass any vote relating thereto.

Art. 5. To see if the town will vote to authorize the town treasurer to hire, with the approval of the selectmen, such sums of money as may be needed for general purposes in anticipation of taxes.

Art. 6. To see what action the town will take relative to lighting the streets, and raise money for the same.

Art. 7. To see if the town will vote to raise a sum of money not to exceed five thousand dollars ($5,000), for the purpose of providing police officers for the ensuing year.

Art. 8. To see if the town will vote to raise a sum of money not to exceed five thousand dollars ($5,000), for the maintenance of the fire department for the ensuing year.

Art. 9. To see if the town will vote to raise the sum of three thousand dollars ($3,000), or any part thereof, for the removal of snow from the highways and general highway expense.

Art. 10. To see if the town will vote to raise the sum of three hundred ninety-one dollars and eighty-one cents ($391.81), and apply for aid from the state for class 5 roads.

Art. 11. To see if the town will raise the sum of thirty-five hundred dollars ($3,500.00), or any part thereof, to provide a sinking fund for permanent improvements as provided in Chapter 160 of the Public Acts of the 1943 Legislature. Said fund shall be invested by the Trustees of the Trust Fund until expended as provided in said Act. Said money shall be expended by the Selectmen for any or all of the purposes hereinafter set forth. Further said money shall be expended to give the greatest possible employment to returned service men in the process of adjustment to civil life.

The purpose or purposes for which said money shall be expended are:—

1. Reconstruction of highways.
2. Construction of sidewalks.
3. Extension of our water system.
4. Construction of a sewerage system.
5. Extension and improvement of parks and cemeteries.

Art. 12. To see what sum the Town will vote to establish as the annual compensation for service of the Treasurer of the Trustees of the Trust Funds as provided by Chapter 70 of the Public Acts of 1943.

Art. 13. By request of library trustees. To see what sum of money the town will vote to raise above the amount required by law, for the support of the Salem Free Public Library for the year 1944.

Art. 14. By request of Chester T. Woodbury. To see if the town will vote to raise the sum of one hundred dollars ($100), or any part thereof, to maintain and improve the Town Common and the Public Square near Pine Grove Cemetery.

Art. 15. By request of Ernest W. Young Post. To see if the town will vote to raise the sum of three hundred dollars ($300), or any part thereof, for the use of Ernest W. Young Post, No. 63, American Legion, to be expended in the observance of Memorial Day in the year 1944.

Art. 16. By request of Walter S. Woodbury. To see if the town will vote to allow one and one-half per cent (1½%) for the collection of Tax Warrants.

Art. 17. By request of Habdel T. Fary and others. To see if the town will vote to continue to repair with gravel and tar the road leading from Lawrence Road near the residence of Arthur Dyke, past the residence of Theron Butler and continue up Wheeler Avenue and raise money for the same.

Art. 18. By request of Richard Fallows and others. To see if the town will vote to extend the gravel and tar road on Granite Avenue and raise money for the same.

Art. 19. By request of John Grant and others. To see if the town will vote to raise a sum of money to gravel and tar Pond Street from the driveway of Arthur Law to the Lawrence Road.

Art. 20. By request of Minott L. Brown and others. To see if the town will vote to install a street light at the corner of McLaughlin Avenue and Wells Avenue in Pine Grove Park.

Art. 21. By request of Cora N. Newell. To see if the town will vote to accept the sum of one hundred dollars ($100) from Cora N. Newell as a perpetual fund, the interest to be expended in the care of the Isaiah Newell lot in Mt. Pleasant Cemetery.

Art. 22. By request of William A. and Alice Turner. To see if the town will vote to accept one hundred dollars ($100) from William A. and Alice Turner as a perpetual fund, the interest to be expended in the care of the John Turner lot in Pine Grove Cemetery.

Art. 23. By request of George F. Dwelley. To see if the town will vote to accept from George F.

Dwelley the sum of two hundred dollars ($200) as a perpetual fund, the interest to be expended in the care of the Charles M. Dwelley lot in Pine Grove Cemetery.

DIVISION OF MUNICIPAL ACCOUNTING STATE TAX COMMISSION

CONCORD, N. H.

November 12, 1943.

Board of Selectmen
Salem, N. H.

Gentlemen: Submitted herewith is the report of an audit and examination of the accounts of the Town of Salem, which was made by the Division of Municipal Accounting of the State Tax Commission in accordance with the request of the town.

Scope of Audit

Included in the examination and audit were the accounts and records of the following officials and departments:

Board of Selectmen
Treasurer
Tax Collector
Town Clerk
Trustees of Trust Funds
Public Library
Water Works
Municipal Court
Pine Grove Cemetery

The audit covers the period from September 17, 1942, date of the previous audit by this Division, to

September 14, 1943. The exhibits and schedules have been prepared, however, to present the financial activity of the town and its various departments for the fiscal year ended January 31, 1943, and the period from February 1st, 1943, to September 14th, 1943.

Finances

Comparative Balance Sheets: (Exhibit I)

Comparative Balance Sheets, as of January 31, 1942, and January 31, 1943, indicate a decrease in Net Debt during the year of $15,187.24.

The Balance Sheet of January 31, 1943, as originally made out was revised to the following extent:

Assets Increased

(1) Inclusion of $1,554.75 in Accounts Receivable, for amount due from Rockingham County on WPA account.

Liabilities Increased

(1) Inclusion of "State Aid Construction — Unexpended Balance in State Treasury — $2,218.30," inasmuch as this balance is reserved for a specific purpose.

(2) Inclusion of "Bills Payable — $5,500.30." These represent obligations incurred against 1942 appropriations and should therefore be included as a liability item. (See Exhibit I-a.)

The Balance Sheet for January 31, 1943, as shown in Exhibit I, reflects these changes.

As recommended in our audit report of last year a very substantial amount of uncollected and unredeemed taxes on account of the levies of 1926 to 1937, have been charged off and are no longer carried as assets in the Balance Sheet. These represented balances of uncollected and unredeemed taxes on the lists turned over by former Collector Gordon, at the time of his removal from office, which had little if any asset value.

It is now recommended that the uncollected lists on account of the levies of 1938, 1939, 1940 and 1941, consisting principally of uncollected poll taxes, be examined and such accounts eliminated therefrom as are found to be uncollectible. By thus limiting the balance sheet asset accounts to "cash" or accounts which may reasonably be expected to be converted into "cash," the actual financial condition of the town is more accurately indicated.

Revenues, Appropriations and Expenditures—1942:

(Exhibits III and IV)

Comparative statements of estimated and actual revenues, appropriations and expenditures are presented in detail in these exhibits. A net overdraft of appropriations of $7,436.64, and a net excess of actual over estimated revenues of $5,305.38, resulted in a net budget deficit for the year amounting to $2,131.26.

Again it is recommended that in the preparation of the town budget and in its adoption by the town meeting, the matter of making appropriations to adequately provide for anticipated requirements be

given more attention and consideration. To illustrate — appropriations and expenditures for the following purposes were made in 1942:

	Appropriations	Expenditure
Street lights	$ 3,500.00	$ 4,866.52
Sidewalks	—0—	2,275.00
New Equipment ...	—0—	3,190.26

Consideration should also be given to the matter of estimated revenues, particularly the inclusion in the budget of estimates of revenue from all sources which remain fixed sources of income from year to year.

Audit Procedure

The accounts and records of all town officials who are charged with the custody of and who receive or disburse public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depositary banks.

Tax Accounts

The tax warrants and the tax sales accounts of the tax collector were examined and summary statements showing the activity therein are included in Schedules as listed at the beginning of this report. Taxes appearing on the collector's lists as unredeemed from tax sales on account of the levies of 1940, 1941 and 1942, as well as a portion of uncollected

taxes on the current year's (1943) warrant were verified by notices sent to the taxpayers.

During the period under review it was noted that the following collections were made on the old lists turned over by former collector Gordon:

Levy of 1928	$	21.02
Levy of 1932		6.30
Levy of 1933		8.10
Levy of 1934		17.82
Levy of 1935		25.43
Total	$	78.67

Trust Funds

The trust fund accounts were examined and the securities and savings bank books, representing the principal and unexpended income of the various funds, were found to be in order.

Part of the unexpended income of the cemetery funds, amounting to $83.85, which has been on deposit in the Merchant's National Bank of Lawrence, has been charged off as having no value inasmuch as liquidation proceedings have been completed and the accounts of this bank closed.

Water Department

The accounts of the commissioners, treasurer and collector were examined. Accounts receivable, as shown by the ledger, were verified as outstanding accounts by notices sent from this office.

It was noted that $4,500 had been withdrawn from the water department cash and deposited in a separate account designated as a "reserve fund."

In place of the "Income Statement" of the Salem Water Works, which appears on pages 78 and 79 of the annual printed report for the year ended January 31, 1943, it is recommended that in future reports a balanced statement of cash receipts and expenditures similar in form to Schedule A-5 of this report be included. It is furthermore recommended that there also be included in future reports of the Water Department a detailed statement of expenditures, indicating therein the composition of the various classes of expenditures as shown in the summery such as "Salaries," "Expenses," "Pumping Station," "Miscellaneous Labor," etc.

Earle S. Gordon, Shortage Account

Your attention is again called to the current status of this account which is summarized as follows:

Amount of Shortage	$ 22,189.24	
Received March 20, 1939	12,000.00	
Amount of Note given Town of Salem March 18, 1939, to cover balance (To be paid in full within six years from date of Note. Not less than $1,000 a year.)		$ 10,189.24
Received on account of Note:		
March 22, 1940	$ 1,000.00	
Credit a/c Premiums on Surety Bonds & Insurance	951.30	
		$ 1,951.30
Balance due on Note		$ 8,237.94

In accordance with the terms of the note which was given to the town by Gordon on March 18, 1939,

annual payments of not less than $1,000 were to be made thereon. Therefore payments totalling at least $4,000 should have been made to date on this account. Actually, however, it will be noted that only one payment of $1,000 has been made, plus an allowance of $951.30 on account of premiums on surety bonds and insurance, making a total credit of $1,951.30 to date and a balance due on the note of $8,237.94.

The town officials should contact Mr. Gordon at once and forcefully bring to his attention the fact that he has failed to fulfill his obligation to the town as set forth in the terms of the note, under which full restitution of misappropriated funds was to be made by him.

The matter has been referred to the Attorney-General by this Division to see what action may be taken to expedite the settlement of this account.

General Comments

In the examination of the accounts of the selectmen, several expenditure items were reclassified to conform to the uniform classification of accounts and such changes are reflected in the classified summaries of expenditures. (Schedules A-1 and B-1.)

While most of the vouchers issued by the selectmen had the original bills attached thereto, it was noted that in some cases there were only monthly statements indicating balances due. The original itemized bill or invoice should be filed with the voucher in every instance.

It is again recommended that payments made to town officials for reimbursement of expenses in-

curred incident to carrying on town business be supported by detailed statements indicating dates, nature of expense, mileage, etc.

Owing to the uncertainty, at the time of the town meeting, as to whether or not the race track would operate this season, the license fees received from the track were not included in the 1943 budget as estimated revenue. These fees usually amount to $15,000 to $16,000 a season. The income from this source which was not anticipated in the budget should therefore make a substantial reduction in the Net Debt in the current year.

With exceptions as herein noted the accounts of all town officials were found in good condition and the accounting procedure conformed to the uniform system prescribed by this Division.

In accordance with the provisions of Section 31, Chapter 211, of the Laws of 1939, this report or a summary of its essential features should be published in the next annual town report. This letter of transmittal should be included in its entirety, but the inclusion of schedules is optional.

We extend our thanks to the officials of the Town of Salem for the assistance rendered and information furnished while we were engaged in making this audit.

Yours very truly,

HAROLD G. FOWLER, Director,
Division of Municipal Accounting,
State Tax Commission.

LAWTON B. CHANDLER,
FRANK W. MORRILL,
HARRY G. HAGER,
RALPH F. SEAVEY,

REPORT OF THE SALEM FIRE DEPARTMENT

The local department was called to ten more fires this year than last year but the fire loss was about one thousand dollars less than last year. There were eighty bell alarms, nine still alarms, five out of town calls and one drowning call.

The total fire loss was $7,599.13 against $8,456.38 last year. The two members of the department, Loren Ebert and Richard Kimball, are still in the service. Both have been home and are very well. The company has been very short handed, as many of the men are working out of town or on different shifts. The two permanent men have partly solved this predicament if two permanent men are on duty as they have been this past year. It was found advisable not to run a penny social this past year but the usual Christmas tree was held for the children of the town. Again the company wishes to thank the citizens for their cooperation in assisting the company in its many endeavors.

Respectfully submitted,

ROBERT V. EBERT,

Chief.

REPORT OF SCHOOL BOARD

To the citizens of Salem:

Your school board is pleased to submit to you its annual report concerning the welfare, maintenance and condition of the schools of the Salem School District.

Without any question, there has never been a time in our history when the education of our young people was of more vital importance to the community and the nation, as well as to these future citizens themselves, than during this period of national emergency through which we are passing. Problems, previously never imagined, and heretofore unknown have become almost routine. The solution of these problems constitutes a definite challenge to all who are charged with the responsibility of the education of the young people in our schools regardless of their particular duties. We feel that those men and women, who are serving the people of Salem in our school system, whether it be in a supervisory capacity, or as instructors, teachers, janitors or those engaged in the transportation of our school children, have definitely met their responsibilities and in so doing have rendered a real service to us. We sincerely hope that we, as a board have done our job as well.

The school buildings were found to be in good condition for this year. With the exception of a coat of paint on the outside of No. 8 school, all repairs were of a minor nature such as new flush toilets at No. 8 school to replace others, storm sash on the exposed side of No. 1 school, and new steps on the front at this same location, the old ones being considered unsafe as they were. Repairs on desks and chairs,

some repair work on doors and locks where necessary together with the usual cleaning in all schools constituted most of the other work done. In addition, the small room at No. 1 school, now used for some of the pupils formerly at No. 5 school, was painted, a wall blackboard installed, and other provisions made for light and heating to better accommodate, for the present, the increased number of pupils at this school.

Some problems have developed in transportation work which have been solved by a fine spirit of cooperation and patience among all concerned, parents, teachers, children and bus drivers, and while the present schedules may in some cases, have something more to be desired, yet under the conditions of curtailed mileage, etc., we feel that our transportation of school children fulfills the requirements as a whole.

We cannot conclude this report without extending our appreciation for the help and constructive suggestions of many of our townspeople, the invaluable assistance of the Salem Womens Club given the School Nurse and the school department as a whole, also to the Men's Club for their continued support of our boys. The increasing interest in our schools and their problems by the people of the community, and the fine spirit of cooperation on the part of all concerned is the one factor that will give a better education to the children of Salem and as a result finer men and women of the future.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Salem:

I take pleasure in presenting my annual report as Superintendent of Schools. This report is concerned with the Salem Schools for the year July 1, 1942 to June 30, 1943 and for the current year up to the present date. As usual I am including a Statistical table. This, together with the reports of the Headmaster of the High School, the Supervisor of Music and the School Nurse, give much valuable information in regard to the daily life of our Schools.

There were many changes in the teaching staff at the opening of Schools in September. At the High School there had been four resignations: Miss Ann Minichiello, Domestic Arts, Miss Edna York, English, Miss Elizabeth Garrity, Social Studies, Mrs. Harriet Quealy, Grades 7 and 8. The vacancies created were filled as follows: Domestic Arts, Miss Margaret Hyder, Social Studies, Miss Eva Belle Anderson, English, Miss Mildred Myers. Miss Myers had taken post graduate work in English at New Hampshire University making it possible to transfer her from her work at No. 8 School. Mrs. Kay Ford was appointed to succeed Mrs. Quealy.

In the Elementary Schools, the following changes were caused by resignations: Miss Estelle Simpson after nearly twenty years work in grades 4 and 5 at Depot School, was succeeded by Miss Mary Chesworth. Miss Madeleine Kean No. 1 Primary, accepted a position in Manchester. Her place was taken by Miss Grace Hawkins. Miss Maryclare Hayes No. 1, resigned, and Miss Mary Furey is the new

teacher. Miss Madeleine Goebel No. 6, resigned, and Mrs. E. Marion Gordon was appointed to grades 2 and 3. Mrs. Gordon's position was taken by Miss Morgia Valia. Mrs. Amaral resigned at No. 7 and her place was taken by Mrs. Caroline Canty. Miss Alice Lynch resigned at No. 8 Primary and Mrs. Margaret Driver for many years a teacher at No. 9 School previous to her marriage, has taken this position. Miss Bernice Chadwick succeeds Miss Myers at No. 8. Last October, Miss Maybelle Leach resigned at North Salem School and Mrs. Madeleine Little was elected to this position. In January Mrs. Canty resigned at No. 7 and Mrs. Dora E. Boulger was appointed her successor.

The above statements show the number of valuable teachers that have been called away. However, we have been, up to the present time, fortunate in obtaining competent teachers for replacement. Schools everywhere are at times, handicapped due to a shortage of substitute teachers, and this has been our experience.

On account of the extra duties placed both this year and last on all Superintendents of Schools by government requirements, there has not been time for the usual amount of class room supervision. Since we have in Salem, for the most part, experienced and dependable teachers, it is probable that our Schools will attain almost, if not entirely, the fine results of normal times.

I wish to express my appreciation and commendation to the teaching staff for their willing and painstaking efforts.

The enrollment for the year covered by this report was seven hundred and three, twenty seven less than

during the previous year. The school attendance averaged 92.34 percent of the membership, as compared with the state average of 92.94 percent.

Forty boys and girls completed the work of the eighth grade last June. All but two of these have entered a high school this year. The Good Citizenship Award was given to Bruce Magoon. The Scholarship Medals given the Salem Board of Trade to eighth grade students for excellence in scholarship were awarded as follows:

Gold Medal	Robert Rich
Silver Medal	Norman Magoon
Bronze Medal	Beatrice Mawson

The Otis Mental Tests have been given again in the fourth and ninth grades. With the assistance of the teachers we hope to be able to give a Standardized Achievement test before the end of the year to each pupil in grades 2 and 8 inclusive. These tests serve as a check on the work done and furnish a picture of progress made during the year both by the individual and the class as a whole.

Defense Stamps have been purchased by the children in all Schools. This has afforded a fine form of training in thrift and character development and gives the children a feeling of having a part in the War effort. The total stamps and bonds bought by the children in the elementary schools from January 1943 to January 1944 totals over $3600.00. This record is commendable both for the teachers and children. The record at the High School is also commendable.

Mr. Joseph Abbott has been appointed Attendance Officer. His efforts have been of real help to us and

improvement in attendance has resulted. War Time conditions have increased, in certain cases, indifference to School attendance.

Out of planning going on in the nation's Capitol for post-war projects that will furnish employment during the transition back to peace time ways, there is a provision for funds to be made available to towns and cities for school building construction purposes. Your board made tentative application for funds for two such projects; one at the High School and a second for an addition to No. 1 School. Should such funds become available, preference will be given to those with tentative applications on file and to those places that have plans for their expansion. There are two very definite needs for new rooms. The High School should have a Mechanic Arts Shop and an additional room is urgently needed at No. 1 School. We hope these additions can be made in the near future.

Mr. Rourke's report gives information concerning the High School. We have been unable to secure a Mathematics and Science teacher and Mr. Rourke, as last year, continues to conduct these classes until such time as a teacher is available. We hope that one may be found for next year. The School continues to be administered in its usual efficient manner. The noon lunch program is carried on in its usual fine way. It is surprising what is served for five and ten cents, and in both a pleasant and very orderly manner.

Two Hundred Thousand teachers in the United States have left teaching since Pearl Harbor. Teachers College enrollments have dropped 60 percent below 1940-1941. Fifty thousand emergency teaching certificates have been issued this year.

During these difficult times we must resolve that in spite of the difficulties and the extra work that we find in the operation of our schools on account of the war, there shall be no let down of effort. We must strive as never before, to play our part in the training of good American Citizens. We, who are concerned with the daily operation of the schools wish to thank the School Board and Citizens for their loyal support.

Respectfully submitted,

WILLIAM J. NELSON,

Superintendent of Schools.

REPORT OF HEADMASTER

To. Mr. William J. Nelson, Superintendent of Schools:

I hereby submit my annual report as the headmaster of Woodbury High School.

The total enrollment, which on the opening day, Sept. 8, 1943, was 219, has increased to 236. Following is a table of enrollment by classes:

Grade	Total Enrollment	Discharges	Present Enrollment
7	45	2	43
8	43	0	43
9	47	6	41
10	45	5	40
11	27	3	24
12	29	1	28

There are seven tuition pupils, all from Windham.

Of the graduates of 1943:
1 entered a liberal arts college
1 entered a teachers' college
3 entered nurses' training schools (including 2 in the Army Nurses' Training Corps)
3 entered specialized training schools
3 entered the U. S. Navy
2 entered the U. S. Army
1 entered the U. S. Marine Corps

The rest, unlike the graduates of ten years ago, found jobs waiting for them upon graduation.

It is gratifying to note that most of those boys who have graduated from Woodbury High School and have entered the armed services are being given

specialized training, because they received such high scores on the various tests given before or soon after they entered the services. It is also most gratifying to learn that these same boys find that they are able to compete favorably with graduates of other high schools throughout the country, as well as with college students. These boys have been able to do so well only because they finished their high school training. Our national government has made it very clear that young men should not voluntarily leave school nor accept lucrative jobs in defense plants. A fully equipped mechanical arts department with a well trained teacher would tend to keep many more boys interested in their high school work, and they would stay to graduate. This lack of a mechanical arts department, as much as anything else, has been the cause of the small number of boys in the senior classes for the past five years. Since 1939 there have been 190 seniors, and only 57 of them were boys.

The general work of the school has kept as near to normal as is possible in these times. During the past year two members of the student body brought recognition to the school by their success in essay contests. Such success indicates clearly the type of work done in the classrooms.

Football was temporarily discontinued due to several factors, including lack of opposition and transportation difficulties. We have been most fortunate to have the services of two townsmen, Mr. Norman Ingalls, who donated his time to baseball last spring, and Mr. William Barlow, who handled the boys' basketball team this winter. Miss Chadwick, a teacher in one of the elementary schools, has coached the girls' basketball team, and I am pleased to say that all three coaches mentioned have done a credit-

able job, putting the emphasis upon good sportsmanship and fair play rather than upon winning.

Although there have been several changes in the faculty during the past year, the teachers new to our school are adjusting themselves very readily and have assumed their responsibilities in extra-curricular activities as well as in the classroom. There is a general feeling of cooperation existing between the teachers and the student body. Hot lunches are being served again this winter under the able supervision of the home economics department. The operetta, always an annual success, was given under the direction of Mrs. Eva Thompson, assisted by the members of the faculty. The other school presentations, such as the senior play and the dramatic contest, will be given before June.

To the list of our many activities, such as dances, clubs and activity periods has been added special training in the fundamentals. All high school pupils who will benefit by it are given training in penmanship, arithmetic and remedial reading. Already this drill has begun to show its effect in the various classes. The school is taking an active part in the war stamp drive. We are flying a Schools At War flag, showing that over ninety percent of the students are buying stamps regularly.

At a time when everyone is busy doing his utmost to help the war effort, I realize that in many instances it is impossible for the parents to visit and get acquainted with the school in operation. To those of you who do find the time, the teachers and I most sincerely urge you to come when school is in session so that you may see for yourselves the type of education Woodbury offers. Furthemore, this would afford

an excellent opportunity for conferences with the teachers.

Before concluding, I wish to express my appreciation to the teachers and the student body for their fine support. Furthemore, I wish to thank you, the school board and the citizens of Salem for your cooperation and good will.

Respectfully submitted,

EUGENE ROURKE.

REPORT OF SUPERVISOR OF MUSIC

To Mr. William J. Nelson, Superintendent of Schools:

I hereby submit my annual report as supervisor of music in the Salem Schools.

Again, I have the pleasure of calling your attention to a year of progress in the music department. Today the teaching of music does not mean simply the development of the voice and the reading of notes; while these subjects are being carried on as successfully as ever much stress is laid upon the appreciation of music.

Each year in the High School, I discover a great number of talented singers who are very anxious for special advanced vocal instruction. It is the purpose of the choir and glee clubs to develop the musical talent for these worthy young people. Many flattering comments were heard concerning the operetta "The Sunbonnet Girl," which was presented in November. A large audience enjoyed what many termed "the best operetta yet."

In looking back over the year's work I find in every case cooperation and pleasant classroom associations. In conclusion I want to express to you, the school board, and teachers my thanks for loyal support and continued interest.

Respectfully submitted,

Eva W. Thompson.
